2ND BACCALAUREATE / WORKSHEET

Editing a school bulletin

1. Check the tense

A caretaker opens the hall every morning. On Thursday volunteers moved the desks outside. Tomorrow the club will deliver the donations.

Underline each verb and label the sentence routine, past event or future plan. Rewrite each line so the hall, desks or donations become the subject.

2. Choose what belongs in the report

The English club held a book exchange at noon on Tuesday. Students exchanged 56 books. A second exchange is planned for March.

Write a headline and a two-sentence bulletin. Keep the place or time in the first sentence and the measurable result in the second.

3. Edit your draft

Check that be agrees with the new subject and carries the original tense. Circle each past participle. Keep a by-phrase only if the reader needs to know who acted.
